Help It Along

A good response is being made to the appeal for funds for the Community Chest. This is no more than was to be expected, for the need is known and Edmonton has never been niggardly when it came to help those in distress. Nor is there any doubt that the citizens generally approve this method of raising welfare money, instead of doing so by a score or more of soliciting campaigns.

There are numerous deserving causes not thus provided for. Hence during the summer there have been a number of good many Saturdays. Suppose, in addition to these, each of the 26 organizations participating in the Community Chest drive had to stage a similar campaign? There would be in that event be scarcely a week in the year when the public were not being urged to contribute to one fund or another.

The Community Chest arrangement cuts out all but a few of the regular appeals which would otherwise have to be made—and not, that for reason, if there were no other, it should be heartily supported.

Italians Told to Fight

Broadcasting from somewhere behind the Allied lines, Marshal Badoglio has called on all Italian civilians and troops to join the Allies in fighting Germany. If this does not constitute a declaration of war it comes as near to being that as circumstances make either possible or perhaps desirable.

Presumably, the Fascist interdict ended, Italy has returned to the conceptions of constitutional government, under which only the Italian parliament can make a declaration. The Marshal, as acting premier only, may on this account have refrained from the more drastic action.

But the broadcast amounts to the same thing. The important point is that the Italian troops and civilians associate themselves with the Allies and actively help the enemy from their country, and that Badoglio has called upon them to do.

To his credit it is to be noted that this action was voluntary. The Marshal was under no obligation to call them to bring Italy into the war on our side. Having surrendered unconditionally, the country had the right to remain neutral, the terms extended after the surrender did not order Italians to take arms against Germany or to commit sabotage. They are doing so of their own accord, and the Italian forces attacked Italian troops inside Italy and out, occupied Italian cities and seized food and other supplies.

Farm Income

The cash income of Alberta farmers during the first half of this year totalled \$91,742,000, according to figures given out by the provincial department of agriculture. This compares with \$66,419,000 for the first half of 1942, a gain of more than \$25,000,000, or more than 30 per cent.

The sale of live stock and products accounted for \$62,000,000 of the total. Returns from field crops coming next in the list at \$29,222,000. Hogs brought the farmers half the amount they received from stock sales, \$31,000,000. This is a proof of what Alberta's position as the greatest hog-producing province means to the farming community.

Recalling the phenomenal yields of last season, the receipts from grain sales made a relatively poor showing, because of low prices and limited quantities. Even so, though the amount was \$10,280,000 more than for the corresponding period last year. With better prices now prevailing, a keen demand for grain and the income from this branch for the second half of the year should be substantially improved for the farmer who has good or fairly good crops.

On the basis of the last census figures available the cash income for the first six-month period would be about \$900,000 more on the average. Improved price conditions, with the heavy grain-marketing season just ahead, should mean an average cash income for the entire year of more than twice this amount.

Attacking the Vatican

Signor Mussolini—supposing him to be still alive—has declared war on the Pope, as well as against the Vatican. The Pope, it is reported, has been ordered to leave the Vatican. The sponsors of the Fascist regime in Italy, at Berlin broadcast an attack on Pope Pius on the ground that he is opposed to war and is thus a hindrance to the course in support of the attempted political—and perhaps corporal—resurrection of Italy.

This is routine Axis strategy. In the lexicon of the gangsters there is no such word as neutrality. Whoever is not for them is denunciation. The Pope, even in silence, they instinctively feel, is a rebuke to them. Failure to support totalitarian schemes is construed as condemnation for the same reason. The hands of lesser calibre sense the disapproval of all who do not join their ranks or applaud their crimes.

Somewhere even in the Nazi make-up there is the vestige of a conscience. It does restrain their conduct, but it does diminish their power. The hands of the persons and nations of peaceful intent, these, the Nazi feels, are potential if inactive enemies. If they were war-minded and lust-

ful for power or pelf they would come out on the side of the war-makers and plunderers. Since they do not do so, there is only one way to deal with them—attack them.

How far the Nazi backers of the alleged Mussolini party will go in their hostility to the Vatican there is no way to tell. The silence of not backing the cause is to them unpardonable. Pope Pius is forcefully a prisoner in their hands. Only the threat of his escape, and the length they will be carried by resentment and the desperation that is closing upon them, can save him.

The Spanish raid has taken to broadcasting Allied communiques first and Axis war bulletins later. Even Franco knows it the Allies who are making the war news now.

Rome radio reports that Marshal Cavellero, who was Mussolini's chief of staff, committed suicide as soon as he was let out of jail. Cavellero did not show up very well as director of Benito's army when he had one that he apparently had enough military sense to see that the jig is up.

From Allied headquarters in New Guinea came news that American-Australian land forces made a drive down the Markham valley toward Lae. It was through this valley that the Japanese a year ago tried to advance against Port Moresby—and failed. Tokyo will be interested to learn that white troops have gone where it supposedly superior foreign country fighters couldn't go.

Italian troops have cleared the Germans out of Sardinia. Free French forces have undertaken the job of liquidating them or expelling them from Corsica. The island is now under the control of the Allies, and will be even more advantageous as an Allied air base for operations there and in France. Allied forces in Corsica are near Germany, than in any other area outside Great Britain.

London has learned through underground communications that 30 German divisions are being hurried to the Italian and Balkan fronts, 12 drawn from the strategic zone in the West. The move-up of youngsters, convalescents and overage men from Germany. This sounds more reasonable than the report of last week that 70 divisions were being rushed out. Considering the extent of the southern zone not less than 30 divisions would be reasonable. They were withdrawn from Russia after this stage will very substantially lessen the pressure against the Red advance.

The Rescue of Mussolini

Political Conduct of

Italian Situation Is

Fiasco

By DOROTHY THOMPSON

For many months I have been trying to persuade myself that my misgivings regarding the political conduct of the war were exaggerated. I hope and pray that they are. I was not in Rome on earth to be proved wrong.

Nevertheless my apprehensions grow from day to day. I suspect that the major military successes and setbacks have been the result of the political conduct of the war.

First of all, Mussolini is the epitome of Fascist loyalty. Premier and Dictator for twelve years, if there is any established Fascist beginning, he is the beginning.

Secondly, there is a myth about Mussolini—a popular myth—namely, that he is a man of iron. He is not. He is a man of flesh and blood, and he is a man of iron.

Now what is our situation? Italy is in the position of Yugoslavia. It is a nation that is armed and used only as manpower for the German war machine.

Against these a guerrilla warfare is beginning, mostly in the industrial north, that is to say, by workers. There is a myth about Mussolini—a popular myth—namely, that he is a man of iron. He is not. He is a man of flesh and blood, and he is a man of iron.

But there is one great difference between Italy and Yugoslavia. Italy is an ally, with clear lines of communication. Yugoslavia is a nation that is armed and used only as manpower for the German war machine.

Out of this situation arises an inescapable contradiction. We have democracy and a democracy. We have democracy and a democracy. We have democracy and a democracy.

The Second Front

FROM THE NEW YORK TIMES

The persistence of those American leaders who insist that the only way to win the war is to attack Germany from the west is a myth. The only way to win the war is to attack Germany from the east.

But there is one great difference between Italy and Yugoslavia. Italy is an ally, with clear lines of communication. Yugoslavia is a nation that is armed and used only as manpower for the German war machine.

Against these a guerrilla warfare is beginning, mostly in the industrial north, that is to say, by workers. There is a myth about Mussolini—a popular myth—namely, that he is a man of iron. He is not. He is a man of flesh and blood, and he is a man of iron.

SIDE GLANCES

What is our side in Italy? We have to try and see things through the eyes of the Italian people and not through our own. If we can see anything through the eyes of the Italian people, we can see that the Italian people are not interested in the war. They are interested in the peace.

The Bulletin's SPORTS SHOW by Hal Dean

SPORTS EDITOR

THE fact that members of the Arrow Baseball Club held their annual dinner at the Royal George last night may not in itself have been a very unusual event, even though it was an extremely pleasant affair, was attended by over 30 players and guests and was under the capable chairmanship of Vic Horner, president of the club.

The significant feature was that the occasion marked another milestone in the history of an organization which for 15 successive seasons has continued to play an important part in baseball activities in this city.

Arrows did well again this year. They gained a playoff berth and ousted the Hornets in the semi-finals, even although they had been the victims in the last round by the O's Army Yanks, who went on to defeat the Football League all-star team from Calgary in a post-season series.

ORGANIZED IN 1932
The Arrows first functioned as a junior club in 1932 and Fred Lupton, who took over the team and takes the old turn behind the plate is the only original remaining. Umpire John Ducey, also present last night, played on that club too.

Several brother combinations have been named amongst the players at various times. In addition to Fred, three other Luptons have held places on the team. Bill got in a couple of games before going overseas more than a year ago. Neil and Mac Colville belonged to the club starting at juniors. Neil did not play in 1942, but Mac did, both later going into the army.

The brother tradition however, is

Rookie Lou Klein at Second Proving Great Help to St. Louis

Cardinal Infield Holds Edge in New York Defence

Won 126 at Detroit Meet

Consistent "Shorty" Adams Again Heads for Riding Title

By SAM DAVIS

CHICAGO, Sept. 22.—With 126 winning mounts in the 95-day, Detroit meet, Johnny Adams heads for another riding championship.

With 126 wins Adams has been criticized for a riding seat and form. Shorty Adams is the most consistent jockey in the country.

Adams, even 5 feet, riding weight 105 to 110 pounds, built, is a New York, topped the field in 1937. Of 126 mounts, he prevailed in 126. He has won 177 and 642 ran out. He finished in first last year with a winning percentage of .25. Out of 126 mounts, 545 won, 185 placed, 150 showed and 126 got up in time to share in the money.

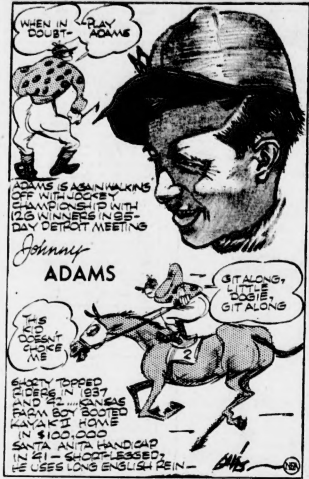

In 1937 he became the first full-fledged jockey to win the crown. Apprentices with their allowance previously showed the way.

Adams nearly made it again in 1938, but injuries suffered in a spill at Del Mar kept him out 12 weeks. He finished second in Johnny Longden.

Adams, a plenty of horses before scoring his first victory of any importance in 1938 at River side Park, Kansas City, Mo. He was then behind the plow.

When clean out hard working Adams, who first scaled the heights of the sport in 1937, he was at Bay Meadows, April 7, 1938. He joined a select few.

Adams, who was at Washington Park in 1939, James Lee at Del Mar in 1940, and at Santa Anita at Charleston in '42, H.

JOHNNY ADAMS

Phillips at Reno in '36, Earl Sande at Haver de Grace in '38. Alfred Robertson at Havana in '38. Al Adams at Marlboro in '38 and Budny Haas at Throldown in '32.

Adams has had four or more winners in an afternoon many times. He has won 126 mounts.

Adams, who was at Washington Park in 1939, James Lee at Del Mar in 1940, and at Santa Anita at Charleston in '42, H.

Rich in Backfield Talent

Roughriders Strong Threat For West Football Honors

REGINA, Sept. 22.—(CP)—Rich in backfield talent and convinced that this is their year to regain the prairie football crown, Regina's All-Services Roughriders collide with Winnipeg R.C.A.F. here on Saturday in the season's premier.

Coach Dean Griffing points to a halfback teaming with speed to victory.

The two Winnipeg teams can't match our ball-carriers, said the husky Kansas City Roughriders to a title on his first attempt in 1936 but hasn't struck yet since.

Most-discussed backfielder of the line in Regina is L.C. Ken Charlton, a three-year veteran of the team. Charlton, who is now in senior company, the full, full-footed homebody who has a marked nose but that doesn't trouble Griffing who is grooming backfield to strike from all quarters.

HAVE EX-BRONX
He is high on Sp. George Cullen, another backfielder who has been at Cullen is hailed in his tracks.

By Currier, the elusive one-line star of Calgary, who is now in senior company, the full, full-footed homebody who has a marked nose but that doesn't trouble Griffing who is grooming backfield to strike from all quarters.

Roughriders found out that potent force with L.C. Jimmy Kittery at quarterback and the dark-haired signalman at halfback, one of the most daring in the business. If they want big boys for plugging, Griffing can call on O.S. Frank Smith or two chunky Royal Canadian Mounted police officers, Harry Marks and George Smith.

In the line, Roughriders were when five Mustangs turned out to practice. They will work alongside Maurice Williams, an old rider who is a senior at Regina, and Brian from Queen's University, Maurice Pickett, a physical specimen of the R.C.A.F. who played in California and a dozen other candidates. The Roughriders will not lack weight.

NITEN RETURNS
For missing a week, chief candidates are Cpl. George Nitten who shows with Roughriders two years ago. Frank German of New Dame College at Wilkes and Sgt. Smokey and Cpl. Griffing.

Griffing will share the entire assignment with Don King, a translated guard who moves over because the boss doesn't expect to last the 60-minute route.

"We have discarded our defensive setup and will be an offensive club this year," Griffing said. "I don't think we can miss with this backfield."

Buffaloes Not Turning Senior
CALGARY, Sept. 22.—(CP)—Calgary Buffaloes, who club made up of mostly re-mobilized players, who were the intermediate hockey champions of western Canada at Vernon, B.C., last spring, have decided not to make the jump to senior.

Association Semi-Finals

Toledo, Columbus Take Playoff Openers

INDIANAPOLIS, Sept. 22.—(AP)—Toledo Mud Hens handed Indianapolis a 2-1 defeat last night in the opening game of the semi-final play-offs of the American Baseball Association. Jim Trexler went all the way for the Indians against Jack Kramer of Toledo. Next Toledo fielding on long flux and hard line drives removed the sting of eight Tribe hits against Kramer.

Announcement

On Army Hockey Expected Soon

OTTAWA, Sept. 22.—(CP)—The Ottawa Citizen in a sports page yesterday says it has learned that some time within the next 10 days defense headquarters will announce the policy governing army hockey for the forthcoming season. It added:

"If the army policy allows for Canadian Amateur Hockey Association teams, the tip is out to watch Toronto Army Diggers. Billy Taylor is in the Queen City, while George Drillon and Roy Ales are a couple of others reported to enlist in the army at Toronto."

Of last year's Ottawa Commandos, winners of the Allan cup, only five—Pep, Johnny Hilly, Cpl. Kenny Kilrea, Sgt. Alex Shilbury, Cpl. Barnea and Sgt. Joe Cooper appear to be available, the story says.

Officials Ban

Girl Gridders

NEW CASTLE, Ind., Sept. 22.—(AP)—Ages Rifter, blond and 36, has been removed from New Castle high school's football team. The board of control of the Indiana High School Athletic Association notified the school yesterday that it has a rule against "mixed" personnel on teams.

Coach Fritz Bauer had developed Ager's kicking ability in the hope she would score points after touchdowns. She went into one game but missed her two tries.

GIRLS

Well, I hope you're satisfied! This is the way I look with NO makeup on at all!

New Yorkers' Miss Rizzuto At Shortstop

By JUDDON BAILEY

NEW YORK, Sept. 22.—(AP)—Hitting and pitching get most of the publicity for the skillful defensive play decides a majority of the close ball games and on this basis St. Louis Cardinals' infield must be rated over the New York Yankees' inner defence in the approaching world series.

The Cardinals have a tremendously improved infield over last year, due principally to the play of rookie Lou Klein at second base, where Jimmy Brown is playing his fourth, and due partly to the poise that has been acquired by the youngsters, who hold over the Cardinals.

On the other hand the Yankees miss a kid named Phil Rizzuto at shortstop fully as much as they do their most famous wartime abettor, outfielder Lou Gehrig.

Last year the Yankees made 100 double plays and up to date they have made 137. The Cardinals, on the other hand, have made 120.

The Cardinals can't do their defensive plays like getting the infielder on the base and putting in of a sleeping beauty like Joe Gordon in the last world series.

The Yankees, who have an offensive game, have never learned these intricacies of tight baseball.

Even on attack the Cardinals four regular infielders lead their rivals in spite of the fact that Nick Ritten and rookie Bill Johnson, just the two of them have made 152 double plays.

Johnson and George Kurovski, St. Louis third baseman are tied in hitting with 388. The other three Cardinal infielders each have a percentage advantage over their opponents that ranges as high as 60 points for Martin over Frank Crosetti at shortstop.

Surprise Winner In Grand Circuit

DELAWARE, O., Sept. 22.—(AP)—The Grand Circuit, a series of matches between the teams of Rochester, Mich. and Johnson by Sep Pals, was a surprise winner of the \$5000 204 class race which featured the opening of the four-day Grand Circuit race at the Delaware county fair grounds track yesterday.

Kings County, recently sold for \$20,000, was the favorite, but was withdrawn because of illness after the first heat, won by Hilt and Eddie D. finished third in the first heat but won the rest of the 204's time for the first and third heats was the fastest for any similar race on a half-mile track this season.

\$20,000 now is bidding for the 1943 Hamiltonian winner, Volio Song.

Today's Guest Star—Paul Menon, Baltimore Evening Sun. "From all accounts" mail will show more college teams for the first time in the Grand Circuit.

The Navy students are finding it far more difficult than learning football details. If the former they are not around to learn the latter.

When Mrs. Charles Clifton walked in to the fourth level of New Jersey's Crestmont Country Club recently, she found to her partner. "This is where I made my hole in one, and here's the club a No. 4 iron. If you'd like to use it, I'll give it to you."

Joseph Vassoules accepted the offer and whacked the ball 160 yards into the cup, other Crestmont golfers figure that iron belongs to a golf's half of fame.

Service Dept.—Sam Nelson, former Phillips hurtler was the leading hurler of the Newport R.I. Sunset League this season, pitching for the "Redlegs," a coast glittery anti-aircraft team. Sam had an earned run average of .083 and chalked up 136 strikeouts.

Don't that always happen when a short-handed mound staff during the remainder of the season.

Redbirds' Stan Musial Shooting at Another Mark

NEW YORK, Sept. 22.—(AP)—Slugging Stan Musial of St. Louis Cardinals has been reasonably certain of the National League hitting championship for several weeks, but now he has a new mark to shoot at—the new hitting average in the senior circuit in six years.

Since Joe Meehan finished with .374 in 1937 the best percentage in the National League has been the .358 made by Denny Carmath of Pittsburgh for the somewhat synthetic title in 1940, when he failed to go to bat 400 times.

Hughes Selects Canuck All-Star Football Squad

MONTREAL, Sept. 22.—(CP)—In the midst of drilling the U.C. team in the Quebec Rugby Football Union, Coach Bill Hughes came up with an "all-Canadian" all-star team last night, and said he was planning to defend his selection against all comers.

Coach Hughes called on his ex-player in handling the major club in the last 24 years. He was in the last night, and said he was planning to defend his selection against all comers.

Two Montrealers made the team. Mike Henebichuk, a former player who left the big four in 1939, and Bert Adams, inside wing with Montreal Winged Wheelers for 10 years.

Pep Leadley of Queens and Hamilton Tigers, and inside half, with Harry Bialstone of Queens and Argos at right half and Warren Spivey of Toronto Varsity at left half.

Johnny Vassoules, Queens' and Dave Spradue, Hamilton's, were picked for quarterback and Art Lewis, Queen's, for fullback.

Adams at inside wing is Art Denman, Hamilton, Red McKeely, Queens, and Dave Spradue, Hamilton and Ottawa, are picked for middle wings.

Bud Thomas, Queen's and Ottawa, is picked for one of the outside wings but Hughes can't decide about the other and nominates two—Fred Knight of Argos and Earl Vassoules of Toronto Varsity.

Regina R.C.A.F. Beats Esquimaux

REGINA, Sept. 22.—(CP)—Pulcher Bill of the Regina Air Force, Western Canada Senior Men's Softball champions, held Esquimaux Navy, British Columbia champions, to a single hit in an exhibition game here last night which the Air Force won 4-0.

Only three sailors got to first base. Navy's Cliff Hulme got a scratch single in the first inning and it wasn't until two were out and ninth hit the next Navy batter reached first when Al Newson walked. He was followed by Wilf Thompson who benefited by the Air Force error.

Merrison Scott of the Navy also made only five hits but his wildness resulted in seven walks. Three of the men he walked brought in runs.

Navy scores: 000 000 000 1 4
Air Force: 1 1 000 00 1 1
Scott and Rick Adams, R.C.A.F. and Meridian.

Plan Investigation Co-Operative Housing Program

Objective of Committee Provision Better Homes; To Probe Modernization

Investigation of possibilities of co-operative housing as a means toward better homes in urban and rural areas alike is being conducted by the Social Welfare and Social Security Sub-Committee of the Alberta Post-War Reconstruction Committee, Mrs. C. R. Wood, Social Credit M.L.A. for Stony Plain and sub-committee chairman, said Wednesday after a meeting of her group.

I Saw Today

"Practical costs of modernizing farm homes with water and sewage facilities are also under discussion," Mrs. Wood stated. "It has been shown that only 50 per cent of the homes in rural Alberta are fully modern, and regard to housing, my committee is of the opinion that a standard of decency and comfort should be established, below which no citizen should be allowed to fall."

"In the post-war period the goal as seen by the committee should be to see that every child should be a member of a family housed with decency and dignity, so that it may grow up in a happy fellowship, unspoiled by underfeeding or overcrowding," said Mrs. Wood.

"In Britain, the child has come to be recognized as the rallying point for the survival of democracy. Canada must recognize the truth of this and in Alberta we must realize that the home life of our children must be such as will prepare them to take their proper place as citizens of a democracy."

HEALTH IMPROVEMENT
 As well as plans pertaining to child welfare, schemes for health improvement of Albertans are under discussion by the sub-committee, Mrs. Wood said. One topic for study is desirability of having an adequate milk supply for nutritional needs, as well as establishing a vital factor of nutrition.

The sub-committee chairman requests that all those interested in social welfare and social security should send in submissions for study.

Members of Mrs. Wood's sub-committee are Mrs. A. Greville, Calgary; Dr. A. Somerville, director of communicable diseases, Edmonton; E. H. Mary, independent M.L.A. for Peace River, and David Duncan.

Women Are Taking War Plant Roles
 All plans of the Dominion Bridge Company are developed to the nation's war effort with between 15,000 to 16,000 workers employed continuously in them, W. F. Angus, Montreal, stated here Wednesday.

Accompanied by W. F. Taylor, Bailey, Montreal, vice-president, Mr. Angus is making his annual inspection of branches and subsidiaries throughout Western Canada. He conferred here with R. M. Dingwall, manager of the Standard Iron Works Ltd., a subsidiary of the Dominion Bridge Co.

Mr. Angus said that women were increasing in importance in the role in the labor situation in his company with between 30 to 40 per cent of the personnel working on machines in a factory being women.

Social Creditors To Meet Thursday
 Under auspices of the East Edmonton Social Credit group, a public meeting will be held in Social Credit Hall at 704 Jasper avenue at 8 p.m. Thursday.

The Rev. E. G. Hanson, M.P., for Macleod constituency, will be guest speaker at the meeting. His topic will be "Looking into the Future." Vocal and musical numbers will be given by Gordon Geldart and Earle Davidson, and Floyd M. Baker, Social Credit M.L.A. for Clover Bar, will show moving pictures.

The Rev. F. W. Williams will preside.

Ford Cars—Ford Trucks
 You are urged to keep your Ford Car or Truck in the best possible mechanical condition at all times.

Boy Scouts, Girl Guides Under Review

Shown above are pictures taken at the Girl Guides and Boy Scouts display Tuesday afternoon on the grounds of the Legislative Buildings, when His Excellency, Earl of Athlone, Governor-General of Canada, and H.R.H. Princess Alice, inspected approximately 1,000 boys and girls. Upper left, Princess Alice speaks with small Brownies, and offers her left hand in the traditional Girl Guide handshake. Upper right, the five award winners, Edmonton Guides who received gold cords of merit, and Red War Emergency arm badges. They are from left to right: Ruby James, Mary Lowe, Virginia Pidgeon, Drusilla Burton and Georgia Roy. Lower left, the Earl of Athlone is speaking with a group of Boy Scouts, and lower right he is shaking hands with Marjorie McKay, assistant cubmaster, while Ralph Berry, cubmaster of the Third All Saints Pack looks on. In the picture at the right centre, the Earl is shown with W. J. Dick, provincial president of the Boy Scouts. Shown in the oval centre picture is Princess Alice, with Capt. E. Battick of the Salvation Army Guide Company.

Twenty Doctors Finish Duties At Internship

Twenty doctors who were graduated from the University of Alberta at the beginning of the year, and who have just completed eight months as interns at various hospitals in the province, have reported for duty with the Royal Canadian Army Medical Corps in Military District No. 13, it was announced today by Lt.-Col. J. A. Reid, district medical officer.

The new doctors all have been granted the commissioned rank of lieutenant, and have been posted to various military hospitals throughout the district. Later they will proceed to Camp Borden for their military qualifications which will make them eligible for the rank of captain.

Included in the list were Lt. G. S. Balfour, son of Maj. H. E. Balfour, D.A.A.G., of M.D. 12, formerly of this city, and Lt. F. L. Woodman, of Calgary, son of Frank Woodman, principal of Western Canada High School, Calgary. Lt. N. J. Bradley, Regina; Lt. P. W. Hudson, Trail; and Lt. W. H. Russell of Vancouver.

Smashes Window, Grabs Jewelry: Man Is Caught

Smashing a plate glass window of Bert Kewins' jewelry store, 1014 Jasper avenue, at 1:05 a.m. Wednesday, and scooping up a quantity of watches, a man hurried away. Stopped a few minutes later by two city police officers, the man's pockets were found to be bulging with timepieces in their cases.

His name, was Henry Shields, he told city police.

Sixteen watches were found in Shields' possession, while another one was found in the lane behind the Hudson's Bay Company store between 103 and 104 Avenue. Value of the timepieces was stated to be \$750.

City police were notified of the smash and grab act by a woman who telephoned but declined to reveal her name. Responding immediately, two officers had reached the lane of 104 street when they saw a man walking toward Jasper avenue.

STOP MAN
 They stopped the man, upon whom they found pockets bulging with the plunder.

Jack Tonson, Apartment 4, Heintzman Hall, 1019 Jasper avenue, told police he was in bed when he heard the sound of crashing glass. Jumping out of bed, he went to the window and saw the man outside the jewelry store window, stuffing articles into his pockets.

The raid on the Kewins store occurred at the last of a series of smash and grab acts. About 1,000 worth of rings and watches were taken from the store in a smash and grab act earlier in the week. Three persons were arrested and charged with breaking and entering, and with larceny, and a woman was arrested in connection with the smash and grab act.

Man Drowns
 Anton Loungis, Port Smith, was drowned in Fawcett Lake at 11 a.m. Monday, R.C.M.P. authorities in Edmonton were notified Wednesday. The body was recovered and entered the custody of the British Columbia provincial district nurse. Details as to the cause were not obtainable.

Boy Is Injured By Automobile

Clifford Anderson, 5914 101st street, was injured at the foot of McDougall hill about 7:35 a.m. Wednesday, as he was said to have attempted to catch hold of the rear of a truck load of lumber. As the automobile following the truck struck the cyclist, throwing him off the machine, which was damaged about 28 feet. Anderson was rushed to the general hospital.

Driver of the car, Plummer, 6011 101st street, told police he was following the loaded truck up the hill, and upon coming to the turn, saw two youths on their bicycles leave the foot of the 101st street and make for the rear of the truck. One of them, however, stopped, but Anderson cut in front of the car and was struck by the front bumper.

W. G. Elliott, 10009 63rd avenue, a passenger in Plummer's auto, said it appeared that the two boys were going to grab hold of the rear of the truck. The auto in which he was riding had no chance to avoid the accident.

The bicycle, which was damaged, was dragged about 20 feet before the car came to a stop.

Plummer, however, made his way to hospital in his own car. Anderson's condition was considered "not serious." The extent of his injuries were not stated.

Two Degrees Frost
 The temperature sank two degrees below freezing mark again Thursday night with an overnight frost of 20 to 25 degrees. The low temperature for Tuesday was 40 degrees and high winds blew most of the day, with a s.m. or two shower and some hail fell.

Chairman
 James Hartley, Social Credit M.L.A. for Macleod constituency, who is expected to preside at next week's caucus of the Social Credit Party, to be held here starting Monday.

U.S. Army Officer Is Visiting City
 Lt. Col. J. A. Thayer, major general of the Northwest Service Command, U.S. Army, was in Edmonton Wednesday on the way to his headquarters in Whitehorse, Y.T. He has been here on official business, and left there for leave at his home in Fort Smith, Ark.

One of Col. Thayer's proud possessions is the passenger gas car he carries on the White Pass and Yukon Railroad, the supply artery that operates between Skagway, Alaska, and Whitehorse.

Texas has a straight fence 20 miles long.

War Kitchen

SAVYAN MADDOX
Vegetables into a substantial, satisfying main dish is what's in some ways with a little green, red and yellow. These vegetables are rich in vitamins A and C, they're generally low in fat and protein and food energy. White bread and butter supply both these important factors—and the vitamins and minerals, too. A combination of vegetables makes a rounded and satisfying supper dish, particularly if you use the following recipe.

white bread, finely cubed (1½ cups)
slightly beaten, 4 teaspoons
teaspoon pepper, 1½
2 cups
Carefully remove cutouts from cabbage, cover with water and let stand for 24 hours.
Drain, cover and season with salt and pepper. Toss with 2½ tablespoons oil.
Mix with 23 tablespoons bread made by dissolving bouillon in boiling water. Mix well.
Cover and cook for 10 minutes. Turn cabbage leaf, roll up and fold side down, in heated pan.
Pour over remaining liquid.
Cover and cook gently for 10 minutes.
Remove from heat and spoon over liquid from pan.

Tomorrow's Menu
(Eat the Basic 7 Every Day)

BREAKFAST: Orange scrambled eggs with wheat toast, butter, jelly and milk.

LUNCHEON: Casserole lima beans, enriched chopped lettuce sandwich, apples, tea, milk.

DINNER: Cabbage mashed potatoes, bread, vegetable and lettuce salad, coffee, milk.

1/2 tea spoon butter or
 margarine
 1/2 cup onion with salt and
 Arrange 1 to 2 cups of
 vegetables in a greased
 11 in alternate layers with
 Sprinkle top with a
 1/2 cup of crumbs and grated
 egg. Bake in hot
 350 F. 10 minutes.
